Directions

Tapping into the European method of effective yet luxurious cleansing, we recommend applying 1-2 pumps directly onto dry skin and gently massaging over entire face for one minute. This allows the cleanser to truly melt into skin. Next, by whisking it away with a damp, warm, washcloth, you are boosting the soft exfoliation and skin clarity delivered by this one of a kind cleanser.

Pro - Tip

It doubles as a mask. For a hydrating mini-facial, tap it into your skin to "emulsify," then relax for 15 - 20 minutes. Voila - a perfectly primed canvas for the Serum, Eye Cream, and Moisturizer.
