LUXE SOLEIL

HYBRID SPF 50 = 1.6 FL OZ

MADE IN
THE U.S.A.

CRUELTY FREE • VEGAN • GLUTEN FREE • PHTHALATE FREE • PARABEN FREE

State-of-the-art SPF 50 hybrid blends mineral and chemical barriers against UVA/UVB rays for dual protection. Luxurious skincare rich in antioxidants, it applies seamlessly, eliminating white cast. Perfect as a primer and use in place of your daily moisturizer when enjoying the outdoors.

The BELLAME Benefit

BROAD-SPECTRUM HYBRID PROTECTION:

The unique characteristic of our product lies in its hybrid formulation. Hybrids merge the UV-reflective properties of mineral actives with the UV-absorbing and altering abilities of chemical actives. Zinc Oxide, a mineral blocker, forms a physical barrier on the skin, deflecting the sun's harmful rays. On the other hand, Homosalate, Octocrylene, and Octisalate—chemically absorb these rays, convert them into heat, and then safely release them from the skin. These active ingredients are widely recognized for their sun-protective abilities.

INFUSED WITH SKINCARE GOODNESS:

Besides providing sun protection, this innovative product nourishes and hydrates the skin. Ingredients like antioxidants, vitamins, and moisturizers work with sun protection elements to improve skin health and appearance.

IMPROVED TEXTURE & APPEARANCE:

Physical blockers often leave a visible white cast and might have a heavier texture. Chemical blockers blend easily and are less likely to affect the skin's appearance but might not be suitable for sensitive skin. A hybrid SPF 50, however, combines both strengths, resulting in a sunscreen that has a smoother texture, blends easily, and leaves minimal to no white cast.

PERFECT FOR ALL SKIN TYPES:

While physical blockers are often suitable for sensitive or reactive skin, chemical blockers are often preferred for their lightweight feel and greater skin penetration. A hybrid combines these advantages to suit sensitive, dry, oily, or combination skin.

SPF Infused Skincare ingredients:

BAOBAB OIL

Derived from the "Tree of Life," Baobab Seed Oil is a skincare marvel, rejuvenating your skin with its rich store of antioxidants, vitamins, and omega fatty acids. This quick-absorbing oil deeply hydrates, improves elasticity, and promotes a radiant complexion.

VITAMIN E

A skin savior, Vitamin E is revered for its potent antioxidant properties. It fights off damaging free radicals, helps diminish signs of aging, and imparts a healthy glow, keeping your skin looking youthful and vibrant.

ALOE BARBADENSIS LEAF JUICE

Known for its calming and soothing properties, Aloe Vera is a panacea for distressed skin. It delivers instant hydration, accelerates healing, and reduces inflammation, giving your skin the tender, loving care it deserves.

GLYCERIN

A skincare staple, Glycerin is a potent humectant that draws water into the skin, boosting hydration and helping to maintain the skin's natural moisture barrier. The result is dewy, plump skin that looks as refreshed as it feels.

SHEA BUTTER

Forms a luxuriously creamy base that deeply nourishes and softens your skin. Shea Butter's anti-inflammatory properties and Caprylic/Capric Triglycerides' moisture-locking abilities ensure your skin feels supple and smooth all day.

SUNFLOWER OIL

Sunflower Oil, rich in linoleic acid, helps to maintain the skin's barrier and decreases inflammation.

OLIVE OIL

Olive Oil delivers deep hydration and has anti-aging properties. Restore radiance and deliver optimum moisture, leaving your skin glowing and irresistibly soft.

JOJOBA OIL

This nutrient-rich oil enhance skin elasticity and provide a barrier of hydration.
