## HYDRASILK LIP LINER

MADE IN KOREA

CRUELTY-FREE • VEGAN • GLUTEN-FREE • PHTHALATE FREE • PARABEN FREE

**LONG-WEARING:** Stay true color that clings from morning to evening, your lip look remains consistently impeccable.

**VERSATILE PALETTE:** From the demure to the daring, select from a spectrum of shades designed to enhance your look elegantly.

**ALWAYS SHARP:** Each liner has a built-in sharpener for on-the-go precision, so your lines are always crisp, and your application is perpetually on point.

### HOW TO USE

Begin your lip-enhancing journey by twisting the base to reveal the creamy, rich formula. Start at the corner of your top lip, smoothly tracing the natural contour of your mouth to create the shape you desire. Fill in with your favorite Lip Shade or choose from the exact matching shade available in the Semi-Matte or Moisturizing Cream Lipsticks by BELLAME.

### PRO TIP

After outlining your lip, fill in the entire lip area before layering on the lipstick. This technique intensifies the color impact and extends the wear, keeping your lips looking impeccable for hours on end. Or, for a natural and fresh look, after filling in the color over your entire lip area, top with gloss.

A built-in sharpener is at your service to maintain the precision of your liner. Gently pull from the bottom end of the liner to access the sharpener and give your Hydrasilk Lip Liner a fine point for flawless application every time.
