# MEET THE PRODUCT

## Beauty Boost Collagen

MADE IN USA  
Pack of 30

### Skin loving ingredients:

Naticol®

**Naticol® Marine Collagen Peptides:** Sustainably sourced hydrolyzed collagen clinically proven to improve firmness, enhance radiance, and strengthen hair and nails, while supporting weight management.

**Bovine Collagen Peptides:** Grass-fed collagen peptides that boost skin elasticity, strengthen hair, and support joint health, promoting a youthful glow and enhanced mobility.

**"Tree of Life" Baobab:** Africa's ancient superfruit, rich in antioxidants, vitamins A, C, E, and omegas, boosts collagen, fights free radicals, enhances elasticity, and hydrates for firmer, radiant skin.

**Hyaluronic Acid:** Intensely hydrates, plumps, and improves skin's resilience for a more youthful complexion.

**Resveratrol:** A potent antioxidant that shields skin from environmental stressors, fights signs of aging, and supports overall health by promoting cellular repair and reducing inflammation.

**Bamboo Extract:** Rich in silica to promote collagen production, strengthen hair and nails, and enhance skin elasticity, resulting in a more youthful appearance.

**Biotin Extract:** Boosts keratin production for healthier hair, skin, and nails, supporting cell renewal and improving moisture retention to enhance skin's glow and strength.

**Vitamin A:** Supports skin cell turnover, fights acne, reduces fine lines, and promotes even tone, while boosting immune health and improving vision.

**Vitamin C:** Boosts collagen production, brightens the skin, and protects against environmental damage to give it a youthful appearance.

# Naticol® Marine Collagen Peptides

- Natural, from fish skins, sustainable.
- Unique collagen peptide profile (enzymatic hydrolysis). Highly absorbed due to its low molecular weight. It is free from fat, cholesterol, gluten, and E-number.
- A very high purity degree of collagen protein: min 93% (> 99,8% on dry matter) › Highly bioavailable and bioactive for the best efficacy.
- Water-soluble, neutral taste, smell, and color (high-quality grades).
- Supported by two human clinical studies.
- Secure and safe from supply chain to finished raw material.
- Produced in Europe under ISO 9001 and ISO 22000 standards.
- GMO free/ fat free/ carbohydrate free/ preservative free/ purine free.
- Safety and good tolerability Naticol ® presented globally a good tolerance.
- Naticol ® is obtained from enzymatic hydrolysis of the gelatin which is recognized as GRAS (generally recognized as safe).

# Naticol® Marine Collagen Peptides Clinical Study

Results of two dermoclinical studies conducted by CPCAD, Nice hospital, revealed that users of Naticol® fish collagen peptides experienced improvements in skin beauty. Other scientific studies also suggested that ingestion of Naticol® may present benefits in other health areas, such as weight management.

A daily oral administration of 2,5g Naticol® (fish collagen peptides) reduces facial wrinkles (Crow's feet/ perioral wrinkles), improves significantly skin firmness, skin complexion homogeneity and skin radiance. These are the most recent results obtained from a clinical study conducted by CPCAD/ Hospital of Nice (France) on assessment of Naticol® effects on skin aging signs.

In this double blind, randomized, against placebo study, Weishardt has evaluated the effects of its specific fish collagen peptides (Naticol®) on skin aging signs, after an oral intake of 2,5g/day, for 8 and 12 weeks.

Clinically proven efficacy this study was carried out on 95 mature women mean-aged 55 years old, randomized in parallel groups to receive a once a day 2,5g dose of specific fish collagen peptides (Naticol®) or the placebo for 12 weeks. Skin biomechanics and clinical assessment of the facial wrinkles (crow's-feet and perioral) and skin complexion homogeneity were evaluated.

## \* SKIN FIRMNESS IMPROVEMENT :

The skin biomechanics results indicated a significant improvement of skin firmness for Naticol® after 8 and 12 weeks. Clinical score for facial wrinkles (Crow's feet)

## \* DECREASE OF CROW'S FEET:

The clinical assessment of the perioral and Crow's feet wrinkles from baseline showed a significant decrease of the mean score of wrinkles at week 12.

## \* SKIN COMPLEXION AND RADIANCE:

Skin complexion homogeneity was significantly increased for 2,5g/d Naticol® after Week 8. Same results were obtained about skin radiance after 8 weeks (Naticol® demonstrated a significant increase).

## CONCLUSION:

The latest Weishardt clinical study demonstrates effectiveness of 2.5g Naticol® /day on skin firmness, radiance and complexion homogeneity. Naticol® (specific fish collagen peptides) also shows a significant reduction of wrinkles. This new data complements results from Weishardt previous studies proving effectiveness of Naticol® on skin beauty (firmness, wrinkle reduction...).

## \* JOINT HEALTH:

Type 1 collagen is widely present in bones, tendons and ligaments. Naticol® can provide the amino acids which make up collagen in these tissues. Fish collagen peptides may also increase the dietary absorption of calcium . In vivo studies showed benefits of Naticol.

## \* WEIGHT MANAGEMENT

The results of oral ingestion of Naticol® on a daily basis, showed that regular intake of Naticol® Fish collagen peptides may improve the cholesterol levels, help to support normal blood glucose and weight management.. The study objective was to evaluate the effects of an oral intake of Naticol® fish collagen peptides (daily diet containing 2,5% of Naticol®) on body weight composition, serum insulin, glycemia and cholesterolemia.

# Three delicious ways to sip your skincare!

Savor beauty from the inside out with Beauty Boost Collagen in Unflavored, Salted Caramel, and Lemon Lime. Enjoy radiant skin, stronger hair, and nails with every delicious sip.

**Unflavored**

**Salted Caramel**

**Lemon Lime**

## Supplement Facts

Serving Size 1 packet (5.6 grams)  
Servings Per Container 30

	Amount Per Serving	% Daily Value
