Refine, Restore, and Renew

Rewrite your skin's story: next chapter, flawless.

Experience precision technology with 0.5% retinol, clinically proven to boost cell turnover and collagen production. Infused with Baobab and Reishi for deep hydration and antioxidant defense, this advanced formula brightens, smooths, and refines texture. Minimizing irritation, it accelerates repair and reveals lasting radiance for youthful, vibrant skin.

- **Accelerates cell turnover:** Unveils fresher, healthier skin by renewing cells and reducing dullness and evening tone.
- **Reduces fine lines & wrinkles:** Boosts collagen production and improves elasticity for smoother, firmer, youthful-looking skin.
- **Evens discoloration:** Fades dark spots and hyperpigmentation, promoting a balanced, even tone with antioxidants like Reishi mushroom extract.
- **Minimizes pore appearance:** Refines and tightens pores, enhancing texture and clarity through accelerated cell renewal.
- **Reduces blemishes:** Clears breakouts, unclogs pores, and controls oil with retinol and copper peptides.
- **Minimizes irritation:** Formulated with powerful antioxidants to nourish and harmonize retinol's potency.

RESTORE Retinol Booster 0.5%

Skin loving ingredients:

Retinol 0.5%: Stimulates cell renewal, increases collagen production, and reduces signs of aging like fine lines and wrinkles.

"Tree of Life" Baobab: Africa's ancient superfruit, rich in antioxidants, vitamins A, C, E, and omegas, boosts collagen, fights free radicals, enhances elasticity, and hydrates for firmer, radiant skin.

Ganoderma Lucidum Extract (Reishi): A powerful antioxidant, it protects against environmental stressors and boosts skin resilience.

Copper Tripeptide-1: Supports collagen production, speeds repair, and reduces inflammation, enhancing retinol's efficacy.

Ergothioneine: A potent antioxidant that shields against oxidative stress and reduces irritation, boosting the skin's tolerance to retinol for optimal results.

Squalane: Locks in moisture; strengthens the skin barrier, helping to reduce dryness and irritation often associated with retinol use.

AQUA (WATER/EAU), CAPRYLIC/CAPRIC TRIGLYCERIDE, GLYCERIN, GANODERMA LUCIDUM EXTRACT, SQUALANE, ADANSONIA DIGITATA SEED OIL, CETEARYL ALCOHOL, DIMETHICONE (POLYDIMETHYLSILOXANE), CETEARETH-20, PHENOXYETHANOL, ALLANTOIN, CETYL ALCOHOL, RETINOL, POLYSORBATE 20, HYDROXYETHYL ACRYLATE/SODIUM ACRYLOYLDIMETHYL TAURATE COPOLYMER SORBITAN ISOSTEARATE, POLYSORBATE 60, XANTHAN GUM, ALLYL METHACRYLATES CROSSPOLYMER, PROPYL GALLATE, CAPRYLYL GLYCOL, ETHYLHEXYLGLYCERIN, HEXYLENE GLYCOL, ERGOTHIONEINE, SANTALUM AUSTROCALEDONICUM OIL, COPPER TRIPEPTIDE-1, SANTALOL

HOW TO USE:

This should be used in the evening, as nighttime is when your skin enters its regeneration phase, repairing and renewing itself while ensuring it's not exposed to the sun.

Apply a dime-sized amount to a cleansed, dry face in the evening. If you're new to retinol, begin by using it 1-2 times per week. Gradually increase the frequency to every other night and eventually to nightly, as your skin tolerates it. Always follow with a moisturizer to lock in hydration. Temporary mild redness, peeling, or irritation is normal as your skin adjusts.

Booster Instructions:

For a gentler approach, mix a small amount of the product with your moisturizer before applying it to your face. This helps minimize potential irritation and boosts hydration.

- **Sun Protection:** To protect your skin from sun sensitivity, use a daily sunscreen with SPF 30 or higher, such as BELLAME Luxe Soleil SPF 50.
 - **Morning Cleanse:** After applying Restore in the evening, cleanse your face thoroughly the next morning to remove any residue and ensure fresh, healthy skin.
 - **Waxing Precaution:** Discontinue retinol 5-7 days before waxing to prevent irritation and avoid use for 48 hours after to support skin recovery.
 - **Eye Contact:** Avoid contact with the eyes. If contact occurs, rinse thoroughly with water.
 - **Pregnancy and Breastfeeding:** Not recommended for use if you are pregnant, breastfeeding, or planning to become pregnant.
 - **Open Wounds:** Do not apply to broken skin, open wounds, or areas with active irritation.
-

If you have any questions or concerns about using retinol, always consult with your physician or healthcare provider before starting.
